

Public's Right to Know/Freedom of Information

The Board is a public servant, and its meetings and records shall be matters of public information, subject to such restrictions as are set by federal law or regulation, by state statute or by pertinent court rulings.

The official minutes of the Board, its written policies and its financial records shall be open for inspection at the office of the Superintendent by any citizen desiring to examine them during hours when the office of the Superintendent is open. However, no records shall be released for inspection by the public or any unauthorized persons-either by the Superintendent or any other person designated as custodian for school district records-if such disclosure would be contrary to the public interest as described in state law.

The Board wishes to support the right of the people to know about the programs and services of their schools and shall make every effort to disseminate information. Each principal is authorized to use all means available to keep parents and others of his particular school's community informed about his school's program and activities.

The district may charge reasonable fees for furnishing copies of such public records in accordance with the accompanying regulations.
